FITTINGS, FLANGES, FORGINGS AND SPECIAL PRODUCTS

I.S. Group is a company with an experienced organization specializing in the supply of pipeline equipment to the Oil & Gas, Power and Petrochemical industries.

We can count on a stock of 20,000 square meters (6,000 of which covered) with easy access to the motorway and railway network.

The technical and commercial expertise of our staff, earned through years in the business, ensures all materials supplied meet client's requirements.

Our flexibility allow us to serve any client from a very small stock order up to a complex project of exotic material. We can also supply material according to Client's specification and drawings.

Our goal is to provide always our clients the best possible service.

I.S. Group is an important reference for buyers of piping products of any type, size and material.
